CHARLES WINTZELLS TESTIMONY

In 1999, at the age of 42, I was diagnosed with Viral Cardiomyopathy. That is - I breathed in a virus & it attacked my heart. I was told that I had less than 3 years to live & was in dire need of a heart transplant. I was treated by 8 different hospital facilities, exhausting the medical expertise of many specialists. Prior to my illness, my PASSION had always been fishing, shrimping & cooking. My brother opened this restaurant in 2004 to help fulfill my dream. In the 10 months that it was opened I was hospitalized more than 15 times. January 2005, my heart was functioning at less than 5%. I had very little quality of life, without a transplant, death was inevitable. My wife & I had to leave our children, family, friends, home & church; it was a very difficult time. Immediately upon arrival to St. Luke's in Houston, TX, I was placed on a transplant list. A short 7 days later, while still in Houston, our car was stolen. Many "up & down" times transpired from February through May UNTIL that long awaited call came - "a match was found." By mid June, I had 27 teeth extracted, a HEART transplant & my gallbladder removed - all within 6 weeks! I was discharged at a devastating 153 lbs. I am happy to report that GOD kept me through all of this. HE supplied my needs, comforted my spirit & loved me unconditionally. As of May 22, 2007 I am now celebrating 2 years transplanted & my new life! I thank GOD for finding me worthy of this miracle. I was further BLESSED by seeing BOTH my children GRADUATE from High School & now they are off to College! My wife & I celebrated our 22nd wedding anniversary as well. All I know about my donor is that he was 42, from Fort Worth, TX, and in a fatal car accident. I thank GOD that he was a donor & able to give me this chance to live life! As a recipient, I encourage you to become an Organ Donor. It truly is a *Gift of Life*! Since the transplant, I had the opportunity to speak with 2 donor families. It is a decision that must be made at the time the loved one passes. I pray that sharing my testimony will give hope to all who must endure & wait on the Lord in any circumstance, in particular - illness. GOD is the Great Physician & I truly believe He'll do it for you & yours if you'll surrender your free will & commit to building a relationship with Him. LOVE Him for He truly loves YOU & remember, you can't give a testimony without going through a test!

Life is GOOD!

P.U.S.H. - PRAY UNTIL SOMETHING HAPPENS!

KIM WINTZELLS TESTIMONY

I just can't thank the Lord enough for the tests, trials & experiences of the past couple of years. While my husband, Charles, experienced a physical transplant, I was blessed with a SPIRITUAL ONE! My personality is that of a do-er, I have boldness, and I am aggressive. I knew "of" GOD - Jesus, yet I didn't have a relationship with Him, either. With nothing but 'good intentions', I ran 100 to 90 all the time managing & mismanaging all of our situations & circumstances. I basically was guilty of keeping GOD in a box. That is, until TRANSPLANT. We could have gotten a heart transplant from various facilities; however, the LORD seen fit to uproot ME, place me in TEXAS & teach me to wait (endure). Forced to have idle time, I was able to focus my attention on growing closer to the Lord, allowing Him to show up & show out in my life. Eventually I found favor with the Lord & He began raining on me & mine. At one point, He totally overwhelmed me with Blessings. I now know that I know that I know - It is vital to have a relationship with Him - on a daily basis - not only in a time of crisis. I thank the Lord for loving me, keeping me, showing me mercy & grace... He has since changed my personality. I have learned to use MY talents for HIS glory, after all, He is the One who gave them to me. I pray that others will SEE the love of Jesus in me - not only hear about it. Jesus is truly a friend of mine! I hope to be faithful & honor his friendship & commandment to love others.

Praise God! Want to know more?
